DeMark, Charles

Charles DeMark, MS, CRC, ABVE
Coastal Vocational Services, Inc.
355 Crawford Street, Suite 510
Portsmouth, VA 23704
E-mail address: cdemark371@aol.com
Phone: (757) 393-2100
Fax: (757) 397-5556

Message from provider:

Charles DeMark has an extensive background in providing vocational expert services. He provides comprehensive evaluations in difficult cases, which are

routinely challenged and proved in court. He served as an expert in the largest personal injury verdicts in both the United States and Great Britain. Mr. DeMark will give his immediate attention to your referral, meeting your vocational expert needs.

Areas of emphasis/specialties:

Mr. DeMark specializes in complex cases including but not limited to wage earning capacity loss, traumatic brain injury, spinal cord injury, amputation, toxic poisoning and death.

PUBLISHER'S NOTE

The VLW 2010 Experts Survey

In this issue, Virginia Lawyers Weekly is pleased to provide the results of the VLW 2010 Experts Survey.

This project provides information about Expert Witness providers across Virginia. For a fee, participants had the opportunity to provide basic information about their Expert businesses or practices. And for an additional fee, some providers opted to take an enhanced listing.

In an enhanced listing, the provider had the opportunity to provide a variety of facts about the Expert practice, including:

- Name, address and phone number of the practice.
- E-mail address and website address
- A 100-word message describing the provider's experience and practice
- Areas of emphasis/specialties, and geographic areas served
- Education and certifications
- Percentage of time devoted to work as an Expert
- Total annual cases handled

We hope that you find this new feature valuable and that the information is useful as you determine when you need Expert services and who you call for help.

We look forward to hearing your thoughts and input as we will be seeking ways to make this survey even better for next year.

Paul E. Fletcher
Publisher & Editor-in-Chief

Armbruster & Associates

PRIVATE INVESTIGATORS

CRIMINAL

- Does your client need supporting evidence / witnesses for their defense?
- Cold case: does your client want a fresh outside look?

Message from provider:

I retired as a senior scientist at the USEPA in the hazardous waste and Superfund programs. I had over 33 years experience in providing risk and exposure assessments for chemical cleanup and hazardous waste control. I chaired three technical committees on lead, asbestos and exposure while a senior scientist and participated in emas developing applications for measuring exposure and risk for genomic and nano technology. I have worked with several legal firms developing positions on risk from and exposure to asbestos and lead. I have had international experience developing waste regulations that are both compliant to USEPA models and UN protocols yet meet the needs of the developing areas.

Areas of emphasis/specialties:

My specialties include lead exposure notably from battery wastes and other releases. Asbestos releases from industrial practices and residential exposures. I have completed risk assessments on several other common metals found in coal ash. I have international experience developing hazardous waste controls using the US RCRA protocols.
